

IN THE CLAIMS**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application. Where claims have been amended and/or canceled, such amendments and/or cancellations are done without prejudice and/or waiver and/or disclaimer to the claimed and/or disclosed subject matter, and the applicant and/or assignee reserves the right to claim this subject matter and/or other disclosed subject matter in a continuing application.

Listing of Claims:

What is claimed is:

1. (Currently Amended) A supporting structure for a platform of a scanner, the supporting structure comprising:
 - a supporting surface capable of contacting a platform of the scanner; and
 - an absorbing body located beneath the supporting surface capable of absorbing ~~sharing~~ an external stress received by the supporting surface in response to an external force, wherein said supporting structure is capable of being located on an interior wall of a housing of said scanner.
2. (Previously presented) The supporting structure of claim 1, wherein the absorbing body is located along a periphery of the platform.
3. (Previously presented) The supporting structure of claim 1, wherein the absorbing body comprises an inclined structure.
4. (Withdrawn) The supporting structure of claim 3, wherein the absorbing body comprises a substantially "Y" shape.

5. (Withdrawn) The supporting structure of claim 3, wherein the absorbing body comprises a substantially "X" shape.

6. (Previously Presented) The supporting structure of claim 1, wherein the absorbing body comprises a substantially curved structure.

7. (Withdrawn) The supporting structure of claim 6, wherein the absorbing body comprises a substantially flattened "C" shape.

8. (Withdrawn) The supporting structure of claim 6, wherein the absorbing body comprises a substantially "S" shape.

9. (Previously Presented) The supporting structure of claim 1, wherein the absorbing body comprises an inclined portion and a substantially curved portion.

10. (Previously presented) The supporting structure of claim 9, wherein the absorbing body comprises a substantially "5" shape.

11. (Previously Presented) The supporting structure of claim 1, wherein the platform comprises glass.

12. (Previously presented) The supporting structure of claim 1, wherein the platform comprises acrylic resin.

13. (Currently Amended) A case body capable of carrying a platform of a scanner, comprising:

a housing comprising an opening on which the platform is capable of being placed; and one or more support elements mounted on one or more interior walls of the housing, at least one of the support elements comprising:

a supporting surface on at least one of the support elements, the supporting surface capable of contacting the platform of the scanner; and

an absorbing body located beneath the supporting surface capable of absorbing ~~sharing~~ a stress received by the supporting surface in response to an external force.

14. (Previously presented) The case body of claim 13, wherein the support element is located along a periphery of the platform.

15. (Previously presented) The case body of claim 13, wherein the absorbing body comprises an inclined portion.

16. (Withdrawn) The case body of claim 15, wherein the absorbing body comprises a substantially "Y" shape.

17. (Withdrawn) The case body of claim 15, wherein the absorbing body comprises a substantially "X" shape.

18. (Previously Presented) The case body of claim 13, wherein the absorbing body comprises a substantially curved structure.

19. (Withdrawn) The case body of claim 18, wherein the absorbing body comprises a substantially flattened "C" shape.

20. (Withdrawn) The case body of claim 18, wherein the absorbing body comprises a substantially "S" shape.

21. (Previously Presented) The case body of claim 13, wherein the absorbing body comprises an inclined portion and a substantially curved portion.

22. (Previously presented) The case body of claim 21, wherein the absorbing body comprises a substantially "5" shape.

23. (Previously presented) The case body of claim 13, wherein the platform comprises glass.

24. (Previously presented) The case body of claim 13, wherein the platform comprises acrylic resin.
